

Consult DC

Dear friends and cruise industry colleagues,

As previously announced I started a new consulting firm offering services to the Cruise and Travel Industry.

With this firm I intend to offer you and your organization **quality services that will enable you to find solutions to your challenges and assist you in reaching your goals more effectively.**

My name is Luis de Carvalho and Consult-DC is based in Copenhagen, Denmark.

Please read below the following news and announcements regarding Consult-DC current engagements:

I will moderate the shore excursion panel and workshop at the Cruise Baltic meeting taking place in Stockholm on March 2nd and 3rd, 2009. Speaking will be representatives from Silversea Cruises, TUI Cruises, Fred Olsen Cruises, MSC and Cruise Baltic. Attending will be approx. 40 representatives of Cruise Baltic's 26 destination members.

Please visit the Cruise Baltic site at: www.cruisebaltic.com

The port of Aalborg and Consult-DC are hosting the 1st Cruise Seminar and workshop in Aalborg, Denmark on March 31st, 2009. Attending will be representatives from the Port of Aalborg, Visit Aalborg, Aalborg city hall, chamber of commerce, local travel agents and Thomas Harrison from Silversea Cruises.

Please visit the port of Aalborg site at: www.aalborghavn.dk

Enapor Ports of Cape Verde has started collaboration with Consult-DC for the development & expansion of their ports. Africa will play a significant part in future cruise itineraries and trends and Cape Verde is in a unique position to take a leading role in West Africa due to its stable condition, investment in new infrastructures and geographical location (proximity to South America, Europe and the African continent).

Please visit the Enapor site at: www.enapor.cv

Bermello & Ajamil is pleased to announce that it has formed a joint relationship with Consult-DC to cooperate on project opportunities throughout Europe and Africa in the areas of cruise port planning, operations and a variety of waterfront and cruise related master planning exercises. B&A is currently engaged in projects worldwide including the new cruise port of St. Petersburg, Russia; Singapore International Cruise Terminal; Hong Kong's Kai Tak Cruise Terminal; The Hague Cruise Terminal Development; and the world's largest cruise terminal at Port Everglades - Terminal 18 for the *Oasis of the Seas*. B&A is also actively involved in waterfront planning projects throughout the Caribbean and Americas.

Please visit the Bermello & Ajamil site at: www.bamiami.com

Luis de Carvalho will attend the Annual Miami Cruise & Shipping Seatrade from March 16th to March 19th, 2009.

Please visit the Seatrade Cruise Shipping site at: www.cruiseshipping.net/

For further information about Consult-DC and it's services or to book appointments or meetings while in Miami please contact Luis de Carvalho at: Luis@consult-dc.dk or please call + 45 22210131

Our website will be completed and online shortly.
